

New in 2017

On each daily route, we will provide eating areas where competitors can be fed by their friends or coaches. Outside these areas, competitors may be disqualified

Organization

- 2 000 to 3 000 m of difference in height (ascent) per day.
- With an upward or downward gradient of about 45°.
- For safety reasons, organizers can require the use of ropes, crampons, harness in some sections.

Rules

- 1 Male, female or mixed teams. Each team will consist of two skiers.
 - 2 Starting time is chosen by the organizers for each stage.
 - 3 At any time, whenever it seems necessary, the organizers can alter the program for safety reasons. If the whole race, or just a part of it, is cancelled, there will be no refunds of registration fees. The organization committee is discharged from any participant claims.
 - 4 If necessary a time "allowance" may be given for each stage. According to snow conditions, time blocks can be set on certain places.
 - 5 The team cannot leave the checkpoints if the skiers are not together.
 - 6 For each stage of the race the time will only be recorded when both competitors have crossed the finishing line together. The clock is stopped when the last competitor of the team crosses the finishing line. The latest team must not end the race with more than 90 % plus the first team of any categories at the risk of disqualification. If it is the case, the DATA must be given back to the finish referee and the racers will not be allowed to take the departure for the following stage.
 - 7 Wearing a helmet and a race number are mandatory during the whole race: a race number on the rucksack and the other one on the upper part of the right thigh.
 - 8 Whether a team gives up because of physical or technical difficulty, or because they arrived too late at a checkpoint, the DAG must be given back to the nearest organizers who will arrange the repatriation. If the safety instructions are not observed, it will be at the competitors own peril.
 - 9 A daily podium will be organized on the arrival area for the 3 first teams of each category.
 - 10 The competition will consist of 2 categories:
 - 1/ women's teams
 - 2/men's teams and mixed teams
- Espoir teams are classified with Senior and "Espoir" will be mentioned.
- 11 Any claim about the day race must be written to the organization, within 1 hour following the posting of the unofficial results in the Salle de la Chaudanne of Arêches at 4 pm.
 - 12 Decisions, as regards any claims, will be taken according to the French translation of the rules.
 - 13 The organizing committee has purchased liability insurance for the event. It does not insure the competitors who must get their own ski-mountaineering insurance (insuring rescue fees, search and medical transport by helicopter). In case of accident, declaration must be done by the injured person to his own insurance.
 - 14 The participants in the Pierra Menta ski mountaineering competition allow the organizers and eligible third parties such as sponsors and media to make use of photos and audiovisual material produced during the competition, on which they may appear. This also applies to publicity and advertising documents, worldwide and for the length of time foreseen in the legislation.
 - 15 Organizers cannot be held responsible for the theft or loss of the racers belongings.
 - 16 Only clothes packed in bags supplied by the organization can be put in the bungalow on the finish area.
 - 17 Under no circumstance will the organizers be held liable for damages caused by the non-compliance of the participants' equipment, which would not have been detected during the conformity checking operations. Teams will be checked (Numbers and DVA) at the entrance of their departure line inside your closed pocket.
 - 18 The racers must follow instructions about parking and must have winter equipment for their car.

- 19 The organizers cannot be held responsible for an accident due to bad health or insufficient training.
- 20 Broken material may be changed only at check point with the permission of the chief controller or his assistant.
- 21 Antidoping controls are planned.
- 22 It is forbidden to pull teammate with either a rope or an elastic band within the first 15 minutes of the race as well as in corridors, on ridges or while skiing down.
- 23 One member of the team must produce his own family third-party insurance with policy number.

Obligatory gear per head (in agreement with ISMF and FFME Rules)

- A Skis must be at least 60 mm wide at the rail base, 80 mm at the ski tip and 70mm at the tail with steel edges on 90% of the length. Length of skis must be more than 160 cm for men and 150 cm for women. The bindings will allow free heels for climbing and their locking down for the downhill with a lateral and frontal release system.
- B 1 pair of climbing skins for the race and 1 spare one in the rucksack
- C Boots must be high enough to cover the ankles, with a Vibram sole and 2 efficient tightening devices. (one round the tibia and one on the foot) The notches must cover 75 % of the soles and be deep enough (more than 4 mm). The boots must be compatible with crampons.
- D Each team member must have two straps on his rucksack, to be able to carry the two pairs of skis if necessary. For safety reasons, each member of the team must hold his own rucksack with the safety materiel.
- E Poles maximum 25 mm diameter sticks with plastic rings.
- F Survival blanket (more than 1.80 m²): no modification allowed.
- G 1 liter water full bottle.
- H Long sleeves upper body cloths fitting the racer. A minimum of three layers, one of them must be waterproof. The organization may ask for a fourth warm long sleeves layer for high altitudes depending of the weather forecast.
- I Lower body clothing: minimum 2 full length layers, correctly fitting, one of them must be windproof.
- J A pair of goggles, gloves, a ski hat, a whistle and a cap lamp in working order.
- K An avalanche detector positioned directly on the body, DVA frequency 457 khz (EN 300718) (UIAA or CE). tri antennas ok, Inside your underwear in a closed pocket.
- L A snow shovel without any modification to the original design (ISMF).
- M Ten spikes crampons (minimum): two at the front with safety straps (norm UIAA 153).
- N A harness norme UIAA105, 2 usable slings (via ferrata type) norme UIAA128, 2 swivels hooks (UIAA 121).
- O A 2.4 m length pole, 10 mm large as diameter.
- P Mountain helmet (UIAA 106 or EN 1077 classe B) compulsory.
- Q The gear can be checked on Tuesday the 7th of March 2017 from 10 am to 4 pm in the Salle de la Chaudanne.
